

HEALTHCARE JUST GOT CLOSER.

YOUR GUIDE TO TELEHEALTH AT AUBMC

AUBMC

AMERICAN UNIVERSITY of BEIRUT MEDICAL CENTER
المركز الطبي في الجامعة الأميركية في بيروت

Our lives are dedicated to yours

What is Telehealth at AUBMC?

With the onset of COVID-19, telehealth comes forward as a necessary step and alternative to ensure patients' accessibility to their healthcare providers.

Telehealth is a secure internet connection between you and your healthcare providers at AUBMC. It is integrated in MyAUBHealth where you can schedule an appointment with your physician in the specialties listed below. At the time of the appointment, you will engage with your physician through a live and secure video call.

Your physician will have direct access to your medical record, your past test results, and medications during the visit.

For more information, you can contact 01 - 350 000 or 1545 ext. 7463

To download MYAUBHealth:

Apple AppStore Link:

<https://itunes.apple.com/us/app/mychart/id382952264?mt=8>

Google PlayStore Link:

<https://play.google.com/store/apps/details?id=epic.mychart.android&hl=en>

What are the benefits of Telehealth?

Accessible even when you are at home, work or on travel/a trip

Reduces the need for travel or transportation

Eliminates the need to wait in waiting areas

No need to get a sick leave in order to visit your doctor

Ensured privacy and comfort while discussing sensitive health issues

May reduce unnecessary visits to the hospital

Detailed guide to access Telehealth

1

Login to MyAUBHealth (App or website).

The screenshot shows the MyAUBHealth website home page. At the top, there is a navigation bar with the MyAUBHealth logo and a user profile for Marwan. Below the navigation bar, there are icons for Health, Visits, Messaging, Resources, and Profile. The main content area is titled "Welcome!" and features a "To Do" section with a list of overdue health reminders and a calendar for March 2020. On the right side, there is a "Quick Links" section with various options like "View test results", "Ask a question", "Schedule an appointment", "Patient Education", "COVID-19 Self-Triage", "Get Access to My Child's Record", "Give Access to Another Adult", "Refill medications", "Review health summary", and "Share your record".

Welcome!

Schedule appointments for your current health reminders. 8 reminders need your attention.

View the After Visit Summary from your recent visit with Ghassan Hamadeh, MD on 18/03/2020.

To Do

Overdue health reminders

Reminder	Due Date

Click on "Schedule an Appointment".

The screenshot shows the "Schedule an Appointment" page on the MyAUBHealth website. The page is divided into two main sections: "Schedule with a provider you've seen before" and "Tell us why you're coming in". The first section lists two providers: Ghassan Hamadeh, MD (Primary Care Provider, Family Medicine) and Jumana Antoun, MD (Family Medicine). The second section has three options: "New Problem Visit" (A general visit to address a new medical concern), "Follow Up", and "Online Visits".

A couple of questions

* Indicates a required field.

* **Telemedicine Informed Consent**

I hereby consent to engage in a telemedicine consultation with the American University of Beirut Medical Center ("AUBMC") and its physicians. I understand that telemedicine involves the use of interactive audio, video or data communications to deliver health care services to patients. I understand that, as I will not be physically in the same room as my health care provider, the consultation will not be the same as a direct/health care provider visit, and that telemedicine-based services and care may not yield the same results as face to face services. I understand that there are potential risks to using this technology, including device interruptions, interception, and technical difficulties, and thus, if the videoconferencing equipment and/or connection is not adequate, I understand that my healthcare provider or I may discontinue the telemedicine visit and make other arrangements to continue the visit. I understand that electronic transmission of data, video images, and audio is a developing technology, and that confidentiality may be compromised by failure of security safeguards or illegal and improper interfering. I understand that AUBMC and its physicians have no liability or responsibility for the accuracy or completeness of the medical information I have submitted to them or for any errors in its electronic transmission.

Yes No

* **Disclaimer Continued**

I understand that I can revoke my right to participate in telemedicine visit and/or can stop participating in such visit. I understand that if AUBMC and/or my health care provider determines that telemedicine services do not adequately address my medical needs, they may require an in-person medical evaluation. I hereby completely and irrevocably release the American University of Beirut, AUBMC, and its medical staff members, physicians, officers, employees, directors, and agents of any and all errors and omissions, known or unknown, foreseen or unforeseen, knowingly or unknowingly, as well as all claims, actions, damages, arising from or in connection with the telemedicine services. I certify that I have read this form or have had it read to me, that it has been fully explained to me, and that I understand and approve its contents.
